DISINFECTANT, CLEANER, FUNGICIDE, MILDEWSTAT, VIRUCIDE AND DEODORIZER

Disinfect Pro contains a broad spectrum disinfectant which controls and kills bacterial growth and has residual bacteriostatic activity to keep hard surfaces clean and odor free

This one step product saves time, money and labor. It cleans yet contains no soap, so it cannot leave a film. This phosphate-free, quaternary type disinfectant is effective in the presence of 5% organic serum, a concentrated product effective against *Pseudomonas serugionosa*, *Staphylococcus aureus* and *Salmonella choleraesuis*. Contains a unique combination of scents that leave a clean, fresh fragrance after scrubbing, mopping, spraying or wiping.

Saves time, money and labor without leaving a soapy film

Concentrated formula makes it cost effective. It has broad spectrum disinfection control to kill bacterial growth, and has residual bacteriostatic activity. Product contains no harmful alkali to irritate skin or dull floor finish. Environmentally safe, non-flammable, non-corrosive, biodegradable with a neutral pH.
