SANI-PAN STRIPS

TIME RELEASE PAN STRIPS

DESCRIPTION

SANI-PAN STRIPS are designed with water activated, time-released polymer technology. When wet, the solid packaged strip will release the active ingredients, leaving only the used polymer shell to discard. When the drain pan is dry, the treatment remains dormant. Continue activating and deactivating as wet and dry conditions change. Effective for 3-6 months depending on cooling requirements. Anti-microbial: Kills mold, mildew and fungus.

FEATURES AND BENEFITS

- Time Released
- Kills Odor Causing Bacteria

SPECIFICATIONS

Appearance: Yellowish, brown polymer matrix with encapsulated actives | **Odor:** Fresh | **Physical State:** Solid | **pH:** 6 to 8 | **Vapor Density:** 1 | **Specific Gravity:** 1 | **Melting Point/Boiling Point:** 0 °C / 32 °F

LABEL INFORMATION

DIRECTIONS: Sani-Pan time release pan strips are for use in drain pans of many cooling units such as air conditioners and refrigerators. Controls foul smelling odors caused by mildew, fungi, bacteria, algae and slime. For use in homes, hotels, motels, schools, colleges, hospitals, nursing homes and airports. Effective against odor-causing bacteria. Sani-Pan Strips are a controlled release product that easily fits into most air conditioners, refrigerator drip pans or the water tank of your dehumidifier. Because of the controlled release

mechanism, Sani-Pan Strips will last up to six months (heavier than normal use may require replacement in less than six months for best results) effectively maintaining clean water and inhibiting the foul odors caused by mildew. Sani-Pan Strips provides a pleasant odor as it works. Not for use in heat vaporizing or atomizing type vaporizing dehumidifiers.

DANGERS: Read and understand the product's label and Safety Data Sheet. Causes Severe skin burns and eye damage.

PLEASE REFER TO SDS TO VIEW SPECIFIC INFORMATION REGARDING WARNING SYMBOLS AND HMIS/NFPA CODES.

CONTAINS

SANI-PAN STRIPS CONTAINS (CAS#) : Didecyldimethylammonium chloride (7173-51-5), Alkyl dimethyl benzyl ammonium chloride (C12-16) (68424-85-1), Ethyl Alcohol (64-17-5)

VAPCO PART NO.

Part Number	Size
SPS-10T	2 pack
SPS-1T	12 pack
SPS-20T	1 pack
SPS-3T	6 pack
SPS-50T	1 pack
SPS-5T	4 pack

First Aid Measures

Inhalation: Move person to fresh air.

Seek medical attention if you feel unwell.

Skin contact: Take off contaminated clothing. Rinse skin with water for 15 to 20 minutes. **Seek medical attention.**

Eye Contact: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing eye. **Seek medical attention if irritation persists.**

Ingestion: Drink promptly a large quantity of milk, egg whites, gelatin solution; or if they are not available, drink large quantities of water. Avoid alcohol. **Seek immediate medical attention.**

Precautions

Keep out of reach of children. Wash hands thoroughly after handling. Wear protective gloves and eye protection.

Storage

Keep out of reach of children. Store in a cool, dry area, keep containers tightly closed and dry. Do not store near food, drink, or animal food.

In Case of Fire

Use appropriate media for surrounding fire. Wear NIOSH approved Self Contained Breathing Apparatus with a full face piece operated in a positive pressure demand mode with full body protective clothing when fighting fires. Use water spray only to cool exposed containers and dilute spills to nonflammable mixture.

Disposal

Dispose of in accordance with federal, state, and local regulations. Do not reuse container and recycle or place in trash collection.
